

EURO POWER

Power Steering Oil

Euro Power - Power Steering Fluid is designed for use in automatic transmissions systems in new generation vehicles and Power steering applications. It provides reliable performance including smooth & consistent all weather shifting and all-around lubrication protection of the transmission components. Use of Euro ATF can lead to dependable longer transmission service life and a smooth driving experience.

Euro ATF is formulated from selected high-quality base oils combined with an advanced additive system including special friction modifiers and lubricity agents.

Specifications :

Meets Requirements of GM (Dexron IIIE)

Pack Sizes :

0.250, 0.5, 1, 5, 55, 210 Ltr

Recommendations :

Euro Power - Power Steering Fluid may be recommended for use in passenger car, MUVs, SUVs with Power Steering System.

Main Benefits :

- Excellent thermal and oxidation stability for long and consistent transmission performance
- Friction modifiers improve transmission efficiency and shifting performance
- Good film-strength and anti-wear properties reduce wear and maintain good transmission life
- Excellent low-temperature properties provide easier start-ups and improved lubrication at low ambient temperatures
- Effective foam control properties provide consistent shifting performance and reduce fluid losses in severe service
- Compatibility with all common seal materials helping the control of oil leakage
- Satisfies most new car requirements to give the user confidence

PRODUCT DATA SHEET

| Property | Typical Value |
|---------------------------------|---------------|
| Colour | Red |
| Density | 0.856 |
| Kinematic Viscosity @40°C, cSt | 31-33 |
| Kinematic Viscosity @100°C, cSt | Test |
| Viscosity Index min. | 145 |
| Flash Point, (COC)*C min. | 182 |
| Pour Point C Max | -30 |
